

Mandela Day

The Idea

A Flash Giving Application

The Charity

The Ubunye Foundation

The Plan

- Saturday:
Core team assembles the base product
- Sunday:
Deploy and capture additional functionality as github issues
- Monday:
Developers can take issues and submit pull requests. We deploy those as they arrive

Get Involved

- Developers:
spend 67 minutes (more or less) working on an issue
- Marketers:
Promote the initiative - let's try see if we can raise some meaningful money
- Organizations:
Give your developers or marketers some time to work on it.
- Other: Donate! :)
